CLEARER VISION

★★★ A 2020 POLITICAL CAMPAIGN: END THE WAR SYSTEM → BEGIN PEACE ★★★

*"For it isn't enough  
to talk of peace.  
One must believe it.  
And it isn't enough  
to believe in it.  
One must work at it."*

— Eleanor Roosevelt

***We live in a war system. System change is what we need.***

The War System continues killing, mutilating, raping and starving people worldwide. Hiding under the guise of seeking security and a lasting peace, global political, social and economic institutions instead feed their agendas for more power. A peace system is possible.

***Power concedes nothing without a Demand.***

Individually and collectively, people can put the War System in the center of political debates and the 2020 election. Together, we can stimulate the coordination of peace, justice and freedom movements in every country and press for common policy programs for each government to become a "government for peace." The U.S. Department of Defense Joint Vision 2020 projects Full Spectrum Dominance. Peace people need a 2020 political campaign for Full Spectrum Cooperation.

We invite you to participate in this endeavor by helping to harvest the collective knowledge from our organizations and individual struggles, creating a comprehensive presentation of the Demand, expressing in one voice the peace call of the human family.

These three questions will help define the Demand and identify who should come to the table. From what you know:

1. **WHAT WOULD HELP MAKE PEACE WHERE YOU LIVE AND IN THE WORLD?**
2. **WHO AND WHAT ARE THE PEOPLE AND POWERS BLOCKING THE WAY OF PEACE?**
3. **WHAT CAN I DO TO HELP BRING PEACE?**
